### **City Announces Additional Parking Spaces at Big Four Depot**

LAFAYETTE, INDIANA – July 17, 2018 – The City of Lafayette is pleased to announce that parking at the Big Four Depot and Riehle Plaza is now more plentiful. A reconfiguration of the parking lot has **increased the available two-hour spaces to a total of fifteen**, while still allowing dedicated spots for Amtrak and handicap spots.

The City of Lafayette remains committed to fostering economic development by supporting existing businesses and residents, attracting new endeavors and responding to the needs of the community. A recent review of downtown parking indicated that visitors and customers to businesses in the Wabash Riverfront district would benefit from changes to this previously underutilized parking lot. The lot remains a transportation hub with the existing Zip Car slots, Zagster bike rental hub and easy access to the CityBus Center. Overnight parking is not allowed due to the frequent and varied events at the popular location. In order to maximize the use of the additional parking spots and to be more welcoming to patrons, posted two-hour limits will be enforced.
