### **Community Enhancement Plan Slated for Lincoln Historic Neighborhood**

**LAFAYETTE, INDIANA – January 27, 2022** – The City of Lafayette Redevelopment Commission has approved hiring MKSK Inc., a landscape architecture and planning firm, to help create a resident driven, community-oriented plan for the Lincoln Historic Neighborhood. The plan proposes studying the 165-acre Lincoln Neighborhood bounded by Greenbush Street to the north, 15<sup>th</sup> Street on the east, Union Street on the south, and 4<sup>th</sup> Street/Canal Road on the west.

“This study will acknowledge the unique attributes of the Lincoln Neighborhood as we identify current issues and resources along with opportunities for the future,” states Mayor Tony Roswarski. “We have committed various investments of this type in other neighborhoods

including Wabash Avenue and Historic Jefferson. We are dedicated in providing resources for this study to create a vision and long-range plan for the Lincoln Historic Neighborhood.”

The kick-off of the neighborhood study is projected to start in May of 2022 and will take approximately six months. Throughout the study, residents, community leaders, business owners and others will be part of the process and conversation for the neighborhood’s future.
